(1) The Board of Higher Education delegates to each president the authority and responsibility to establish as necessary, but ordinarily not more often than annually, fees for certain services and materials provided or coordinated by the institution. (2) Parking fees shall be charged at any institution where Article XI-F(1) bond proceeds have been used to finance the cost of acquiring parking sites or to make improvements thereto. Parking fees shall also be charged even though borrowed funds were not obtained if the operating and maintenance cost is \$6 or more per parking space per year.

(3) When fees are to be assessed to users of automotive parking facilities, the rate of charge and income to be produced shall be in such an amount that, with interest income, will provide sufficient funds to cover all operating and maintenance costs and also meet bond debt service and reserve requirements where applicable.

A charge may be made against a department, however, where parking space is furnished to a person with a privately owned vehicle who is rendering service for the benefit of the department with no compensation.
