

RESOLUTION NO. 22-02

Oregon State University Tuition and Mandatory Fees For Academic Year 2022-23 and Summer Term 2022

Whereas, the Board of Trustees of the Oregon State University (the "Board") has the authority to determine tuition and mandatory enrollment fees in accordance with ORS 352.102 and ORS 352.105, and other applicable law;

Whereas, the Board adopted a Tuition and Fee Process on January 16, 2015 and most recently amended on October 18, 2019 setting out the factors considered by the Board in setting tuition and fees;

Whereas, the Board authorizes the collection of mandatory incidental fees recommended by the President of the University and the recognized student governments (ASOSU and ASCC) and established in accordance with provisions outlined in ORS 352.102, ORS 352.105, and other applicable law;

Whereas, the university has recommended tuition and mandatory enrollment fees for Academic Year 2022-23 through the work of campus groups including undergraduate students, graduate students, faculty and staff;

Whereas, the Interim President, after considering historical tuition and fee trends, comparative data for peer institutions, the University's budget and projected costs, and anticipated state appropriation levels, has approved most of the tuition and all of the mandatory fee recommendations for consideration by the Board;

Whereas, after consideration of the impact on students and OSU's commitments as the state's land-grant university, the President modified the recommendations to instead recommend, for students at Corvallis, OSU-Cascades, and Ecampus a 3.5% increase in tuition for continuing resident and non-resident undergraduate students and a 4.5% increase for new resident and non-resident undergraduate students;

Whereas, the President has reported to the Board the nature and outcomes of consultations with students and others, including any significant disagreement; and

Whereas the Board has considered the desire to create affordable access to degree programs, create a diverse student body, maintain strong degree programs at every level, and develop and maintain the human and physical infrastructure necessary to support Oregon's educational outcome goals;

Now, therefore, the Board of Trustees of Oregon State University hereby approves the Academic Year 2022-23 and summer 2022 tuition and mandatory fee schedules calculated as defined in Exhibit A.

This Resolution is effective April 8, 2022

APPROVED by the Board of Trustees April 8, 2022

Date

Because of the complexities of cohort tuition, OSU has identified tuition rules instead of individual tables.

EXHIBIT A: Tuition and Fee Schedule Rules and Tables

The tuition and fee schedules are derived from the rates in Table 3 (Scenario B-C), Table 4, and Table 5, applied as defined in the following sections. Rates for specific programs, course loads, and year of matriculation will be available through an interactive web site. Static tables will be posted where appropriate.

Table 3: Base undergraduate per credit hour rates for three different cases, shown as increase for continuing students/increase for new students. Total tuition for residents at Corvallis and Cascades includes a \$100 flat charge per quarter plus credit hours enrolled times the per credit hour rate; total tuition for non-resident rates includes a \$335 flat charge per quarter plus enrolled credits times the per credit hour rate. Annual cost is shown at 45 credits per year.

Undergraduate tuition rates

Base in the formulas refers to base tuition rates per credit hours as specified in Table 3 for the fiscal year in which a student matriculated and the student's residency status. There will be four cohorts of base tuition rates for Corvallis and OSU-Cascades undergraduates in 2022-23 and three cohorts for Ecampus undergraduates.

Differential refers to a per credit hour rate for an undergraduate program with differential tuition as specified in Table 5.

SCH refers to the number of credit hours a student is registered for.

For the academic year (fall, winter spring):

- For Corvallis resident undergraduate programs without differential tuition per quarter tuition is:
 - Tuition charge= $\$100 + \text{SCH} \times \text{Base}$
- For OSU-Cascades resident undergraduate programs without differential tuition per quarter tuition is:
 - Tuition charge= $\$100 + \text{SCH} \times \text{Base}$
- For non-resident undergraduate programs without differential tuition per quarter tuition at both Corvallis and OSU-Cascades is:
 - Tuition charge= $\$335 + \text{SCH} \times \text{Base}$
- For non-resident undergraduate programs with differential tuition per quarter tuition at both Corvallis and OSU-Cascades is:
 - Tuition charge= $\$100 + \text{SCH} \times (\text{Base} + \text{Differential})$
- For non-resident undergraduate programs with differential tuition per quarter tuition at both Corvallis and OSU-Cascades is:
 - Tuition charge= $\$100 + \text{SCH} \times (\text{Base} + \text{Differential})$
- For undergraduate programs without differential tuition through Ecampus, regardless of residency, per quarter tuition (including summer) is:
 - Tuition charge = $\text{SCH} \times (\text{Base})$
- For undergraduate programs with differential tuition through Ecampus, regardless of residency, per quarter tuition (including summer) is:
 - Tuition charge = $\text{SCH} \times (\text{Base} + \text{Differential})$
- For summer, Corvallis and OSU-Cascades undergraduate programs without differential tuition are charged at one rate corresponding to the rate for incoming resident students, so per quarter tuition is:
 - Tuition charge = $\text{SCH} \times (\text{Base})$
- For summer, Corvallis and OSU-Cascades undergraduate programs with differential tuition are charged at one rate corresponding to the rate for incoming resident students, so per quarter tuition is:
 - Tuition charge = $\text{SCH} \times (\text{Base} + \text{Differential})$

For students in the Honors College, an additional \$500 per quarter is charged regardless of credit hour load or residency. The Honors College differential is not charged in summer term.

Graduate tuition rates

Base in the formulas refers to base tuition rates per credit hours as specified in Table 4. Rates for graduate and professional education are the same regardless of the year of matriculation.

Differential refers to a per credit hour rate for a graduate program with differential tuition as specified in Table 5.

SCH refers to the number of credit hours a student is registered for.

Rates are the same for Corvallis and OSU-Cascades. For the academic year (fall, winter spring):

- For resident graduate programs without differential tuition per quarter base tuition is:
 - Tuition charge = SCH x Base through 9 credits. Charges for 9 to 16 credits are the same, then per credit charges are added for each credit above 16 SCH. This is referred to as a “plateau” tuition structure.
- For non-resident graduate programs without differential tuition per base quarter tuition is:
 - Tuition charge = SCH x Base through 9 credits. Charges for 9 to 16 credits are the same, then per credit charges are added for each credit above 16 SCH.
- For graduate programs with differential tuition in Engineering and Public Health, an additional charge is added to the base tuition calculated above as noted in table 5 calculated as:
 - Differential tuition charge = SCH x Differential. The charge is on all credit hours and is the same for residents and non-residents in Engineering, but different for residents and non-residents in the Masters of Public Health.
- For graduate programs with differential tuition including the MBA, MS in Business, MAT at OSU-Cascades, MFA at OSU-Cascades, and MS in Counseling at Cascades, tuition per quarter for residents and non-residents is calculated using the rates in Tables 4 and 5 as:
 - Tuition charge = SCH x (Base + Differential). These charges are on all credit hours. Rates are different for resident and non-residents in both Business programs, the MAT, and the MS in Counseling but are the same for residents and non-residents in the MFA.
- For non-resident undergraduate programs with differential tuition per quarter tuition at both Corvallis and Cascades is:
 - Tuition charge=\$100 + SCH x (Base + Differential)
- For undergraduate programs without differential tuition through Ecampus, regardless of residency, per quarter tuition (including summer) is:
 - Tuition charge = SCH x (Base). The rate is charge on all credit hours.
- For undergraduate programs with differential tuition through Ecampus, regardless of residency, per quarter tuition (including summer) is:
 - Tuition charge = SCH x (Base + Differential). The rate is charged on all credit hours.
- For summer, Corvallis and Cascades undergraduate programs without differential tuition are charged at one rate corresponding to resident graduate tuition s, so per quarter tuition is:
 - Tuition charge = SCH x (Base)

- For summer, Corvallis and Cascades undergraduate programs with differential tuition are charged at one rate corresponding to the rate for resident students, so per quarter tuition is:
 - Tuition charge = SCH x (Base + Differential)

Tuition rates for DVM, PharmD, DPT

Programs for the Doctor of Veterinary Medicine (DVM), Doctor of Pharmacy (PharmD), and the Doctor of Physical Therapy are professional programs with an expectation of full-time study. The rates for those programs are shown in Table 4.

Tuition for the DVM is an annual charge based on residency as noted in Table 4. For years 1 through 3, tuition is charged in three increments over fall, winter, and spring. For fourth year students, who pursue a variety of series of study, externship, and clinical rotations from the beginning of Finals Week in June to the end of Dead Week the following June are charged in four increments over summer, fall, winter, and spring.

Tuition for the DPT degree is a flat rate for fall, winter and spring quarters as noted in Table 4.

Tuition for the PharmD degree expects full time enrollment (at 12 credits) for the rate noted in Table 4 but allows for per credit enrollment at loads less than 12.

Mandatory and Incidental Fees

Mandatory fees include the Student Building Loan/Debt fee, the Matriculation fee, and the Health Services fee. These are recommended by the UBC and are included in the 5% threshold for increases of tuition and mandatory fees requiring approval by the HECC or the Legislature. Incidental fees are recommended by the respective student governments.
