James Yon, Public Safety

Mark Zandonella, Transportation Services

The Commencement Planning Committee is chaired by Director of Commencement Kayleen Eng. Members serve in an advisory capacity to the Provost and are responsible for planning and implementing OSU's university-wide ceremony held in Corvallis and advising on the coordination of unit-level ceremonies, including those held at OSU-Cascades and at the college, school and department levels. We refer to this collective set of ceremonies as "Commencement."

Commencement is Oregon State's most important and visible academic celebration. Commencement serves as an important milestone in the lives of our graduates – our future alumni – and is an event that creates a positive, lasting memory of OSU. Commencement also represents the very best of the university for graduates' family and friends, is highly valued by the campus communities in Corvallis and Bend and has meaningful city and state-level impacts.

Oregon State University's 155th Annual Commencement Ceremony will be held on Saturday, June 15, 2024 in Reser Stadium. The OSU-Cascades 23rd Annual Commencement Ceremony will be held on Sunday, June 16, 2024 in Bend, OR.
