Vision Statement

Oregon State University is a welcoming and inspiring place to study, work, live, play and visit. The Corvallis campus’s distinct historic character is preserved and the physical environment is adapted for a sustainable future. The campus fosters a sense of inclusion and provides flexible spaces for learning and research.

Purpose

• High level planning tool that establishes a unified direction for physical development that connects to and supports SP4.0.

• Provides a roadmap and framework for future policies, plans and studies related to the physical campus.

• Ensures that future development meets individual and community needs in ways that promote safety, comfort, access and collaboration.
