SP4.0 Implementation
January 2021 Update

Edward Feser, Provost and Executive Vice President
Susan Capalbo, Senior Vice Provost, Faculty Affairs
Process

• Implementation structure
  • Prioritization
  • Quarterly review

• Leadership
  • 16 action leaders
  • Broad institutional representation and expertise

• Evaluation/adjustments in response to COVID-19 and other emerging challenges and opportunities
Progress

• Good progress at this point in the plan
• We are reminded of the dynamic nature of the plan and implementation process
• Having a “living” strategic plan has helped the University stay focused on the future even during the crises of 2020; we continued to advance goals and have been able to adjust to respond to the pandemic
Impacts

- Visible across OSU and put into context in unit briefings
- Some points of pride
  - Integrated approach to recruiting and enrolling learners (action 5)
  - Advancements in remote learning technologies (actions 2, 8, 20)
  - Innovative research and graduate education (actions 3, 15)
  - Inclusive excellence (action 10)
- Areas to advance faster
  - Increasing faculty and staff diversity (actions 1, 19)
  - Increasing experiential learning opportunities (action 7)
  - Further internationalizing OSU (action 12)
