

# Research Update

Academic Strategies Committee Meeting  
January 23, 2020

Prepared by  
Office of Research  
Irem Y. Tumer, Interim Vice President for Research

**Oregon State**  
University

# Measuring Success and Impact

- Standard metrics
- Public impact
- Economic impact

# Progress on FY2019 Priorities

- Review of processes, policies, efficiencies in research administration
- Review of centers and institutes
- Review of research facilities
- Advancing innovation-based economic impact

# Opportunity: Diversify OSU's Funding Portfolio

- ❑ Develop strategy for targeting well-funded and untapped agencies
- ❑ Showcase and build on our strengths
- ❑ Develop a campus-wide research development strategy

# Opportunity: Rethink Industry Engagement Strategy

- ❑ Develop the framework and model for a university-level strategy
- ❑ Partner with OSUF to advance broader industry partnerships goals
- ❑ Explore value of investing in centralized function in the RO

# Opportunity: Navigate National Security Compliance

- Develop communication strategy to address uncertainty
- Develop clear policies, procedures, and access to resources
- Provide education to encourage transparency and disclosure

# Opportunity: Improve Research Facilities

- ❑ Work with campus to maximize investment into research facilities
- ❑ Increase opportunities to partner with other Oregon universities
- ❑ Rethink equipment purchase and upkeep investment strategy

# Opportunity: Increase Capacity to Recover F&A

- ❑ Review contracting mechanisms to ensure appropriate F&A
- ❑ Partner with DFA and colleges to increase F&A rate
- ❑ Implement a centralized business support model for core facilities
