

Status Report: New and Existing Academic Program Reviews and Accreditations in Progress

BACKGROUND

A total of 11 Colleges and the Graduate School offer academic programs at Oregon State University:

- College of Agricultural Sciences
- College of Business
- College of Earth, Ocean, and Atmospheric Sciences
- College of Education
- College of Engineering
- College of Forestry
- College of Liberal Arts
- College of Pharmacy
- College of Public Health and Human Sciences
- College of Science
- College of Veterinary Medicine
- Graduate School

Combined, Oregon State University offers a total of 228 degree programs and 29 certificate programs (85 Bachelor's, 80 Master's, 61 Doctorate and 2 First Professional—Doctor of Veterinary Medicine (DVM) and Doctor of Pharmacy (PharmD)). Detailed information about academic programs, including majors, minors, and other information for each college is available at: <http://catalog.oregonstate.edu/ProgramSummaries.aspx>.

NEW ACADEMIC PROGRAMS UNDER REVIEW

Proposals for new academic programs originate with faculty in their academic unit:

Stage 1 of the process is the review and approval of the new academic program at the unit and college levels.

Stage 2 is the university internal review and approval process with review by the 1) Academic Programs Committee, 2) Budgets and Fiscal Planning Committee, 3) Curriculum Council, 4) for new graduate programs only, Graduate Council and external peer review, 5) Faculty Senate Executive Committee, 6) Faculty Senate, 6) Provost, and 7) Board of Trustees.

Stage 3 is the external review and approval process and includes review by the Statewide Provosts' Council and the Higher Education Coordinating Commission (HECC). Once this review and approval process is complete, the university provides notification of the new program to the Northwest Commission on Colleges and Universities, the university's accrediting body.

The following table provides a summary of academic program proposals under preparation and review. Changes since the June 1, 2017, report to the committee are shown in blue text.

EXISTING ACADEMIC PROGRAMS UNDER REVIEW

Once academic degree programs are created, there are annual assessments and follow-up reviews to assess whether the program is meeting university, course, and program learning outcomes within the context of the strategic plan and unit plans. Ten-year external reviews are

also conducted for undergraduate and graduate majors.

The following table summarizes 10-year external reviews completed in 2016, underway, or scheduled as of December 13, 2017. Changes since the June 1, 2017, report to the committee are shown in blue text.

College	Program	10-Year External Review

Liberal Arts	BA in Spanish	2016 (completed)
Liberal Arts	BA, BS in Speech Communication	2016 (completed)
Pharmacy	MS, PhD in Pharmaceutical Science	Spring 2017 (completed)

PROFESSIONAL ACCREDITATIONS IN PROGRESS: AY 2016-17 and AY 2017-18

Oregon State University is accredited by the Northwest Commission on Colleges and Universities (NWCCU), one of six regional accreditation agencies recognized by the Council for Higher Education Accreditation. OSU was last accredited in 2011, using the previous 10-year accreditation cycle. NWCCU revised their cycle, and OSU is now participating in a 7-year accreditation cycle, which involves reporting every other year on different standards, rather than a single large report submitted once in seven years. The next OSU accreditation site visit by NWCCU is tentatively scheduled to take place during Winter Term 2019. Additional information will be provided to the Board as that review approaches.

In addition to the university-wide accreditation, there are a number of professional academic program accreditations. These are reviewed on a regular cycle by their accrediting bodies.

Programs currently under review are shown in the following table. Changes since the June 1, 2017, report to the committee are shown in blue text.
